FastBridge
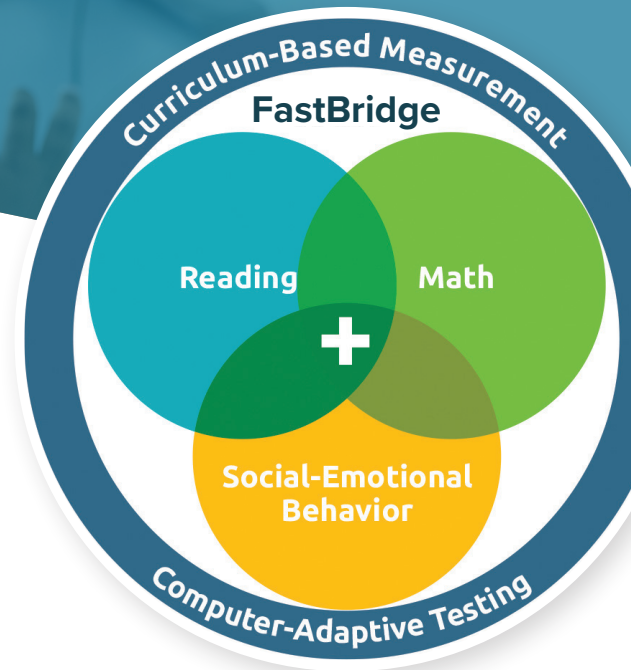

# Faster Results that Lead to Faster Student Growth

FastBridge combines Computer-Adaptive Tests (CAT) and Curriculum-Based Measures (CBM) for universal screening and progress monitoring, while delivering psychometrically valid data. Bolster student learning across reading, math and social-emotional behavior with timely, targeted supports and insights.

Curriculum-Based Measurement

FastBridge

Reading   Math

Social-Emotional Behavior

Computer-Adaptive Testing

BENEFITS:

- ✓ **Streamline processes** by using just one system for your academic and behavioral screening and progress monitoring needs

- ✓ **Ensure valid and reliable results** with evidence-based tools developed in collaboration with researchers at leading universities across the country

- ✓ **Spend less time testing and more time teaching** with the only system that informs and monitors student learning in half the time as other solutions

- ✓ **Drive student achievement** with powerful data from progress monitoring, adaptive testing, and universal screening tools

- ✓ **Ensure educators are trained and supported** with comprehensive professional development, including embedded self-paced learning tools and online certification tracking

How Does FastBridge Help You?

Assessment to Action

Data from the suite of assessments in FASTtrack Reading and Math flow into the Screening to Intervention report to provide teachers recommendations for grouping students, adjusting class-wide instruction, and delivering small-group interventions.

Accurate Progress Monitoring in Half the Time

Set goals for a student's learning growth, and quickly and frequently assess a student's academic performance with the FAST Projection™ line: a patent-pending algorithm based on extensive research from the University of Minnesota.

⭐ **The FAST Projection line** embeds unique technology into CBM assessments to predict students' future growth, using just six data points instead of the traditional twelve—saving valuable weeks (or months) of testing.

Academic and Social-Emotional Behavior (SEB) Assessments in One

Choose from a suite of reading, math and SEB assessments to screen student achievement to monitor growth over time. This includes:

- earlyReading
- aReading
- CBMreading
- Direct Behavior Rating
- earlyMath
- aMath
- CBMmath
- Social, Academic, and Emotional Behavior Risk Screener (SAEBRS)
