DATA INTERPRETATION TOOL: IMPACT REPORT

Use the questions on this Data Interpretation Tool as you examine the Impact Report. This is a valuable tool to use during team meetings to analyze data and identify next steps.

01. What do you notice about the data?

02. How is this report helpful?

03. What patterns do you see in the data?

04. Which schools, grade levels, classrooms, and/or individual learners have higher and/or increasing needs across screening periods?

DATA INTERPRETATION TOOL: IMPACT REPORT

05. Which schools, grade levels, classrooms, and/or individual learners are closing achievement gaps across screening periods?

06. Which schools, grade levels, classrooms, and/or individual learners have had little change across screening periods?

07. What are the next steps to support our schools, grade levels, classrooms, and/or individual learners as a result of these data?

08. Who do we need to collaborate with to take action towards these next steps?

09. Who else needs to be included in communication about these next steps?
