DATA INTERPRETATION TOOL: CLASS LIST

Use the questions on this Data Interpretation Tool as you examine the Class List. This is a valuable tool to use during team meetings to analyze data and identify next steps.

01. What do you notice about the data?

02. Which FastBridge assessments did students complete?

03. Are all students screened in expected assessments? If not, which assessments still need to be completed and/or which students still need to complete specific measures?

04. Are students with progress monitoring on track to meet their goals?

DATA INTERPRETATION TOOL: CLASS LIST

05. Are there students who exhibit needs across multiple assessments?

06. What are the next steps to support this student as a result of these data?

07. Who do we need to collaborate with to take action towards these next steps?

08. Who else needs to be included in communication about these next steps?
